### ABOUT JMobile

The Global Science and Technology Forum (GSTF) publishes, in print and online, international journals that feature peer-reviewed scholarly articles rigorously selected from conferences and open call for papers. These articles are the end result of scholars' tremendous effort and creativeness in exploring the theory, application, and social implications of diverse frontier research areas in science and technology.

GSTF journals are indexed by **EBSCO**, **CrossRef**, **ProQuest** and will be submitted to **Ulrichsweb**, **Cabell's Directories**, **Scopus**, **ScienceDirect** and amongst others, where applicable.
